

## WORM Colouring Book

The WORM team has made a colouring book for you to distract you from the outside world.

It's a little thing, we know, but we hope it helps.

So let's fight our anxiety and boredom with creativity! We encourage you to draw outside of the lines, the WORM way.

### User manual:

- Download the file for free
- Print it on your home printer
- Have fun

Do you like this edition? In the months to come, WORM will issue more colouring books. Or, even better do you want to participate, with a drawing of your own? Make one and send it to [info@worm.org](mailto:info@worm.org).
