DEZE FLUX-R-US MANIFESTATIE WORDT U AANGEBODEN DOOR:

What is *Flux-R-us*?
Wok-i-pedia says (het gehusselde collectieve geheugen dus):

1. *Flux-R-us* is an ATTITUDE (also towards money).
It is not a movement or a style.

2. *Flux-R-us* is INTERMEDIA. Fluxus creators like to see what happens when different media intersect. They use found and everyday objects, sounds, images, and texts to create new combinations of objects, sounds, images, and texts (and they also think about money).

3. *Flux-R-us* works are SIMPLE. The art is small, the texts are short, and the performances are brief (and therefore it's cheap and saves money)

4. *Flux-R-us* is fun. HUMOUR has always been an important element in Fluxus (but also money).
